May the Clause Be with YouSM Season 4

In this bi-weekly program, our experts will select and introduce to you—in a practical way—some of the most important but often misused FAR contract clauses in an easy-to-digest 60 minute webinars. Some of those clauses in particular, those set forth in FAR PART 52, without doubt establish a critical foundation in every Federal Government Contract. You might even say they’re the “Force” that binds a contract together! Thus, mastering when, how, and even if certain clauses should be referenced or used is a goal all should try to achieve. But due to the intimidation caused by the complexity of these clauses (especially for the beginner), that goal is often seen as impossibly out-of-reach. PCI and their expert FAR Clause Masters are ready to raise the level of your mindfulness and acumen of the FAR in a unique way.
