- October 23 – Townsend Bourne, 252.204-7012; Safeguarding Covered Defense Information and Cyber Incident Reporting
- November 6 – Scott Felder, Part 227; Patents, Data and Copyright
On-Demand Programming

PCI offers two types of on-demand programming:

- **eLearning** – Tracked, interactive trainings delivered at your pace!
- **Recorded Programs** – Recorded copies of PCI live webinars.

**eLearning vs Recorded Training**

**eLearning** is self-paced training, in a managed environment. These trainings have interactive quizzes, tracking, and automated features. PCI’s eLearning trainings are a learning environment that is fun, self-contained, and designed for an on-demand environment. PCI’s eLearning can be enjoyed in your LMS or on our website!

**Recorded Trainings** are video files of live programs we have run in the past – while the polling questions can be seen, they cannot be interacted with. The program also moves at the pace of the original program – rather than the learners pace.

**eLearning Subscription**

PCI’s eLearning All-Access subscription contains all of PCI’s eLearning trainings and the entirety of the Recorded Trainings Library. Currently 70+ on demand trainings are available totaling 200+ hours, and new classes are being added regularly. To sign-up for the eLearning All-Access Subscription, [click here](#).

**Recorded Training Subscription**

PCI presents the Recorded Training Subscription! This subscription gives you access to a massive library of recorded training. PCI’s recorded training subscription can help you bring your team up to speed and keep them educated and entertained! To view a list of programs in the Recorded Training Subscription, [click here](#).

**Lots of Options Available Online All for One Great Price**

At $495 per year ($65 month), PCI’s on-demand training is a great deal, and contains hundreds of hours of on-demand information relevant to any public contracting endeavor. PCI’s on-demand subscription library includes public contracting essentials such as:

- Government Contracting Fundamentals
- Subcontracting Summit
- The Professor’s Forum with Ralph Nash and Tim Sullivan
- Demystifying Intellectual Property/Data Rights in Government Contracting Series
- More than a four hundred other classes available in the library

PCI’s library is deep enough that there will be a class relevant to you every time you need training. PCI is constantly adding new programs, lectures, and classes to the recorded training library. To learn more and sign-up, [click here](#).
The PCI Forum

2-5 Live Virtual Trainings added to the calendar monthly!

Successful Proposals: From Preparation to Award
January 9-10; 10:00am-2:00pm ET

Commercial Item Contracting
January 9, 16, 23, 30; 12:00-1:30pm ET
